First term Birthday party

Picture:

That's delicious!

They're looking cute

What happened:

It was Wednesday we went swimming when the whistle went we lined up and off we came up to school. We got ready and headed for the dinning room. We went in by our Birthdays order. When we went inside, the people who had their birthdays in the first term had to stand on their chairs and we who didn't stood behind our chairs and had to sing for them. While we were eating there were games so we played games while we ate. Every one was excited when it was time for songs and shows. We all sat and waited for people to go up with their show. Mr. Ronald read a book while people were coming up with their shows. Somehow I was not happy when Birthday party ended but we had to stop and go to bed.

Piano recital

Picture:

What happened:

The piano recital was on the second-last Wednesday of the term. It started at 7:45a m. We lined up in front of the hall and Mr. Poidevin told the piano students the order they'll be playing in. We went in the hall and we were told that Chief Ikelenge was coming to hear the recital. We waited for her to come. When she came we sang the national anthem. Then after that, the students went one by one to go play songs that they learned on the piano. Some people memorized their piano piece while others used a book to follow along from. After they had all played we clapped for all of them. We prayed then the chief went out first and we went out after her. We all enjoyed the Piano Recital.

Senior Boys Pine Car Derby

What happened:

Adding things to the car made it look nice. After we did all of that we decided to weigh them so that the cars would all be the same weight. Some of course were slightly heavier than others. Mine was really light compared to the others, so they put some extra weights on my car. It didn't really take long because most of them were almost the right weight. The wheels were a problem because they were either too far from the body or too near to the body. If they were too near the car wouldn't move properly. If they were too far the car would be wobbly. Eventually we got it mostly right.

The senior boys were making Derby cars. We started making them in 1st term. All we had was a body and some wheels. We started shaping them and sanding them. It took a long time till we could start assembling them. We had to have a specific type of model and follow it. If you cut too deep you would have to change your model because there wouldn't be extra bodies. We started to glue them. First we glued the roof to the body, and then we painted them the colour we wanted it to be. After, we started to put the wheels on the car. There were many different types of models. Some were made big to gain speed and others were made smaller. It was fun making them and forming them.

After that we decided to test run them. We found out that three of these cars were too light compared to others. So, we decided to separate the races into two different groups. Those three would race against themselves, and the rest will race against each other. It looked like the bigger cars would leave behind the smaller cars, but some of the smaller cars left the bigger ones behind. We had the real race in Rally. Mr. Robertson put us in some groups. There were the three boys and another group. In the group of the three boys Lemekani won the race. Tinashe came second. In the other race I won, and Jachin came in second. He was really close to me. It was fun racing the cars and seeing who had the fastest car. After we raced them Mr. Robertson kept them in the workshop so that at end of term we could take them home and also show our parents what we did for handwork.

Senior Girls Cook Out

Pictures:

First we went swimming. Some decided not to swim because they thought the water was too cold, so they decided to stay on their chitengi's and chat. Some people washed their hair, some people took a bath, and then we got the fire started. We then started cooking our Vienna sausages. We had macaroons, doughnuts, pizza, buns, juice, and water marshmallows. The grade seven and eight girls' fire was the biggest, and then followed by the grade five girls' fire, then the grade six girls' fire.

But soon enough it was time to go. the grade five girls put their fire out first, followed by the grade six girls, the grade seven and eight girls who put their fire out last. It was sad that the cook out was over. ☹️

What happened

On a Friday all the senior girls with Miss Patola, Miss Avery, Miss Furinger and Miss Oliila, went to stepping stones to have their cook out. They carried their swim suits, towels, Chitengis and some carried backpacks. The grade five girls were in a group but Miss Fuhringer and the grade six girls were in a group alone until Miss Patola went with them. The grade seven and eight girls were alone.

7&8 Girls Camp-out

Around the table filled with our afternoon snack.

Preparing the fire.

We went to the cottage on a nice, sunny, Saturday after lunch. Miss Janette was driving and we made sure we carried every thing including Frankie and Barbara. When we arrived the first thing we did was unpack. After unpacking we went for a swim, since by then everyone was hot. When we were all cooled down, we had our snack. Those who wanted to go for a hike could go and four of us went. It was still a bit light when we lit the fire. When we got it going we fried the steak and we buttered some buns. We had our supper as it was getting dark. When we were all full we washed our plates and everything we used. We went to bath and then we changed into our warm clothes. We had hot chocolate and we roasted marshmallows. If we wanted we could go back and swim, but by then it was dark. Some of us swam again and others just sat around the fire, still roasting marshmallows and talking. After a while we got ready for bed. If we weren't tired we could still talk, but finally we all drifted off to sleep still hearing the thundering of

the water. We woke up at around 8:00 and we started preparing breakfast. It was late when we finished cooking, so we ate at around 9:00. We then had our devotions and our little church service. After that we could swim and go tubing. We then decided to go to the cottage falls and swim there. We almost got lost but we found our way through. When we arrived we got wet, but we never really swam. When we came back we swam for a bit and then we had our prepared lunch. We had sausages for lunch. When we were cleaning up our dishes and washing them we saw a green snake. We never killed it because it slithered away so fast. We swam again and we went tubing down the rapids. After we had our snack we packed our bags and everything else we had brought. We had a nice time.😊😊

What happened:

Above: The team almost on the road!!!!!!

We had been planning this for a long time. First we went to the Poidevin's house to get ready for the trip. We all biked up to the Cottage. The journey was tiring but exciting and energizing. We biked for quite a long time. When we arrived at the cottage it was a bit past mid day.

Henry and Musanya, taking it easy!!!!!!

Above:

Shammah about to take a dip in the river

All of us were quite sweaty and tired, so we quickly changed into our swim suits and dived right into the river. We all went tubing while the Poidevins were preparing a snack. We swam and tubed for a long time. We went upstream and floated back down. Some of the other boys tipped and got wet, from chin to toe.

Above: Henry, Shammah and Kachi making a show of the food!!!!!!

After we had all got wet and were now thinking about supper, we walked back to camp. When we arrived at the camp, we could already smell the steak and everything else cooking over the camp fire. I was the first to get changed and back beside the fire. After sometime we asked for our duties. I got to cook, Kachi got to boil the water for tea, while the other guys set the table. Supper was delicious. We had steak, mushroom stew, and lots more!

SPORTS DAY

Then we had grade 1,2,3,and 4 had 50metre sprints. Then everyone did the 75 metre sprint, but in this order grade 1&2, 3&4, 5&6, 7&8, then in the same order for the 100metre race except the juniors. Then there was the relay race. Then we had snack followed by the javelin throw and other throw events like the shot put. After that we had lunch and rest hour. Then we had the big tug of war. The last events of day were the high jump and long jump.

What happened:

We started on sports day with 1000 metre run which is tiring so some never went because they were trying to preserve their energy for later. The winners of the boys was Henry and the girls' winner was Tahana.

Second Term End of Term Show.

What happened:

The theme for last end of term was *Safari*. We had never done this type of show before. Some of the students had solo parts to sing. It was a really exciting show for the parents.

We started off with the theme song, '*On Safari*', which the whole school sang.

Next was Grace Kamwana's solo. She sang '*Never*'. It is about how God never dies, he always was and he'll always be. Grace was the tortoise who was 200 and thought she was the oldest in the jungle.

The next actor was Tinashe. He played the proud lion. The grades three and fours sang '*Our God Is All Powerful*'.

The following animal was the fox played by Natasha. The fox thought that it could outsmart the best, but it was not as cunning as it thought.

After that we sang the song, '*Our God Knows Everything*'.

After the fox was the antelope played by Joyce. She thought she was the fastest animal and that no one could beat her, but she was wrong.

God is everywhere even when you are in India because he is there before you've even arrived.

After Joyce came Anita. She played the ostrich that thought she was infinite and could count every grain of sand. Mbingila, the tour guide, explained that God is wider than anything, higher than the birds can fly, deeper than where the tortoises dwell and longer. So we sang the song, '*Can't Measure The Lord*'. The song had a fifties sound. It was really fun.

Thandiwe was next. She was the leopard that had spots that never change no matter how old she grew. Womba Mufundi, the second tour guide, explained to the leopard that God is NEVER changing. The whole school sang '*God Never Changes*'. The two tour guides, Womba Mufundi and Mbingila sang a duet together entitled '*He Can Change Me*'.

The following animal was Joanna. She was the dove who thought she was pure through and through. The dove was told that no one is perfect, only God, who is holy and pure. Joanna sang her solo and the grades 7 and 8 sang the chorus. '*God Is Perfect*' was the title of the song.

Nissi was the owl that thought she was just. The grades 5 and 6 sang the song, '*God Is Just*'. God knows good and evil.

Chilombu was the next animal. She was the crocodile who was mean, nasty and so sinful. No one could forgive her for the things she had done. Then the tour guide told her that God forgives everyone no matter how evil and sinful. The song we sang after this was, '*Picture In Your Mind*', followed by '*Sing With Voices Raised*'. (Solos done by Tinashe, Anita and Thandiwe). Then we sang, '*God's Gift Of Grace*'. We topped up everything with the theme song, '*On Safari*'. Lastly, we sang, "Come Children of Sakeji".

Second Term Birthday Party

Grade 1&2 singing.

The Snake Charmer, Miss Fuhringer.

7&8 playing instruments for a song.

The theme for the 2nd Term Birthday-Party was Ancient Egypt. The teachers were all dressed up. Those who had a birthday that term could go in first. We sang "Happy Birthday" to them before giving thanks for the food. Mr. Poideven was the host and in between the meals he asked us questions and if we answered the questions we would get a treat. After eating we went outside to get ready for the shows. Those acting had to get their costumes and it was also the time for going to the bathroom. It was fun watching the shows and skits. There was one funny show in which some teachers acted out the story of Moses as a baby. The funny part was that Mr. Ronald was the baby. Everyone laughed at that scene. All the grades sang a song. Some seniors acted out some very funny skits. Birthday Party was fantastic.

Our own staff decorated these cakes beautifully

What happened:

Birthday Party was on a cold stormy Wednesday. The theme was Animals and Miss Patola was the host. We had lamb and chips for supper. During supper we played a fun, funny game--a student with a name closest to A drew a riddle. If he couldn't answer the riddle he would have to draw a consequence. The grade threes then sang a song about ice cream then we had cake and ice cream. All the cakes were pretty and colourful. After that the grade seven girls did a play about a clever rabbit, the grade fives acted out a show about a stupid butterfly, the grade three and fours shared some poems and the boys also had a play and a documentary. After that we closed in prayer and then we went to bed after setting the tables.

Trip to the Yambezhi Source

Pictures:

This is a sign to lead us to the Independence Monument and to the Source itself.

TO THE SOURCE!

WHERE?

These girls did a dance to welcome us to the source.

This is a pole holding the path we walk on

What happened:

We went to the Yambezhi source on the 17th of October. We started off at 08:30 and we reached at around 09:00. First we had a visit to the visitor's nest. While we were there, the tour guide explained to us about the different pictures. After that we went to see the Independence Monument. After that we had a fun time looking at the carved poles and also crossing the rope bridges. When we reached the Source there was a group of dancers and a guitarist who sang a welcoming song. The tour guide explained all about how the tree fell and all about how the two basins meet to form the source. When the guide finished explaining the music continued and then we went to have a little art class at the Source. Before we drew we had a snack of dried apples, cookies and juice. While some people sketched some of us went to cross the Congo border. After that we went back to school where we arrived in time for lunch.

3rd Term Half-term

Picture:

What happened:

We woke up at 5:55 so that the grade seven and eight could go for early morning swim. When we came back from swimming, we got changed and went for breakfast with the others. After breakfast we went and brushed our teeth. At 8:00 the bell rang for sweets. We rushed to the big chota and there we were served our sweets. Then at 10:30 there was a football match between the students and the staff. Some people stayed to watch the football match while some went down to the river to swim. The staff won the football match, the score was 4 – 2. Then everyone who was at the football match went to swim for a bit. It was time for lunch after swimming. We had Sloppy Joes for lunch, after that it was time for rest hour. Then after rest hour we swam again. After swimming we played a bit then went up to school. We had pizza for supper. Then for video we first watched Mickey and the Beanstalk while waiting for everyone else to arrive. Then when everyone was there in the main sitting room we watched ~The Little Princess~. Everyone enjoyed the first day.

STAFF VS STUDENT FOOTBALL

Julius doing his skill

Action

The game of half term, the staff versus the students. The students' line up was simple the senior boys except Lucky and Lemekani were replaced by Womba and Hannah. The staffs' line up was simply those who could kick a ball. Kayla and Katrina and Tamara played as well. Henry Mulenga scored the first goal from an excellent cross. A great start from the students but way never seemed to keep that lead for a long time. Mr. Richard caught the defence off guard. Since he is 6'3 inches he used his head to score and put the ball past the goal keeper. A few minutes later Mr. Richard scored again from another cross. It looked like the students were slowly going down the long road to a loss. The rest of the first half the ball was just crossing over between both of the teams. The students were not strong enough to put the ball past the opposing keeper and it ended 2-1 for the first twenty minuets.

The second half was not the best for the students because while the staff members were attacking Mr Simon kicked the ball and it hit Hannah on the shoulder and into the goal. What a set up, but it was an OG. The scoreboards were reading 3-1 in favour of the staff. The students still looked like they were coming down because they were finding it difficult to beat Mr Towse in the back line of the defence. All of a sudden the staff were advancing forward Mr. Simon to Mr. Richard. Mr. Richard kicked the ball but was saved by the goalkeeper Shammah Mulenga, not Henry's brother. A great tip over the bar. Kachinvya scored the next goal with 2 minuets left till the end of time. Unfortunately the students could not equalize in time and that is how the term ended. The final scores were three goals to two in favour of the staff, so close but yet so far away.

Independence Day

After breakfast, we stood around the flagpole. Chigo and Tinashe brought the flag and put it up while we sang the national anthem. After that, Mr Robertson read from the Bible about how we can be free not only from other people, but also from the wrath of God. After we finished we had some time to play around and do other things. After break we started to pack the stuff we needed to go down to the river. We lined up and headed down. The teachers said they would tell us which teams we were on.

We got down to the river and we were told what our teams were. There was Swordfish, Piranhas, Sharks, and Tiger fish. The races started with silver and gold. As soon as they started we started cheering them on. It was fun watching them, but I was nervous when it was my turn. We started with front crawl. I came in first for that.

If we were 1st, 2nd, or 3rd we would get a sweet from Mrs. Ronald. It was in a kind of box with a cloth over so that we could not see the sweets. The first race we had was front crawl. I came in 1st. The next race was backstroke. I came in 3rd on that one, but at least I got a sweet. The last one was free style. It was close, but I came in second. We also had another for floating. Again I came in 2nd.

We came back up and had supper. After supper we had a little while of free time. After some time Mr. Robertson lit the fire. It started burning really hard and high. We started running round it. Whenever we heard a bamboo burst we would fall down and start running again. Some of us started playing a game in which you need to have a partner so that, while we sang you and your partner. While we sang we would run through and try get to the end. It was fun, but not when you ran through because you get hit.

We also played a game where someone would say something like, "Let me see you shoot the moon" and then we would reply, "What's that you say", and then we would do an action. It was funny seeing people do the matrixes, beetle, splits, and other stuff. We also played a game like kick the can. One person would count and the others would run away and hide. That's when the person would start looking for the people. But if the person goes too far, the other people who are hiding can come and kick the can. That's when the person would start again.

After we finished the game the teachers called the grade 1's to roast some marshmallows. After them was the grade 2's, then up and up till the grade 8's. We went back inside and had some hot chocolate and a cookie. Soon we were in bed. It was a good Independence Day.

Early morning swim

What happened:

In the morning at 6:13 the grade seven and eights go for an early morning swim at the dam. The first one to get into the water is Womba Mufundi. The teachers who went for early morning swim were Mr. Simon, Mr. Gamble, Miss Burnett, Mr. & Mrs. Poidevin. After swimming we had hot chocolate.

Mr. Simon, M.r Gamble, and Henry at early morning swim

After breakfast we had sweets. The boys were on sweets. After sweets we played a while until it was time for the tri-athlon. First it was the boys. The boys who participated were Tinashe, Chigomezzyo, Jackin, Julius, Musanya, and Henry. Henry came in first place, followed by Musanya.

After the boys was the girls turn. The girls who participated were Tahana, Chipema, Tamira, Mbingila, and Deidre. Tahana came in first, followed by Mbingila.

At 10:00 it was time for milk and cookies. After milk and cookies it was time for the staff's tri-athlon. Mr Simon come in first place, followed by Miss Burnet.

At swimming time some of the silver and gold's went on the flying fox. .

The seniors played capture the flag at the river, Mr Gamble, Mr Campbell, and Miss Patola took the seniors for capture the flag. The juniors also played capture the flag at the football pitch. Miss Young, Mr Simon and Miss Burnet took the juniors for capture the flag.

The half term video was called the Aristocats.

Fun At The River

We usually go there on the weekends and on Wednesdays. The river is located down hill from the school. We have lots of time to enjoy ourselves at the river. Sometimes the boys play football while the girls are in the chota chatting. Boys also go off in the bush to build forts on an anthill or somewhere. By making a fort it takes brains, time and resources, using sticks, stones and other things that the boys use to build their fort.

Not only do they build forts they build a boat racing track. By doing this they first build a channel for the water to run through. After this they build a starting and finishing line.

After this the boys make a boat and name it with a name like Beetle, Stingray, etc.

Now enough of what the boys do. Lets talk about the girls at the river. Most of the girls at Sakeji chat a lot and play games like dodge ball and Ball Over. Ball Over is a game that you play where you throw the ball over the building to the other team. Well it is a bit complicated but fun. Sometimes the girls build a half term house like a fort but not in the bush.

FRIDAY NIGHT

What Is Friday Night?

Friday night is where it all happens; we usually just have some fun and eat a lot.

At 19:00 we would go to wherever we were invited to. The Friday night that made a hit this year was when Mr. Simon, Mr. Richard, Miss Burnet and Mr. Campbell took us out at their house to play games and listen to music.

Term One

In term one, one of our best Friday nights was when the Poidevins took us out for a swim in the night. Of course it was dark and cold.

We had a chicken fight and it was pretty rough. The girl's won on match and the boys won a few. After that we went for in the chota. In the chota we had devotions. After the devotions we prayed for the food and soon we were eating. There were marshmallows and we drank hot chocolate or juice. At 9:00 we went up to the dorm for a long sweet sleep.

Term 3

In term three Mr. Simon Mr. Richard Mr. Campbell and Miss Burnet took us out. We listened to music and ate a lot. We played games and listened to Mr. Richard play the guitar. I guess that was it.

Term Two

In the second term Miss Ollila and Miss Fuhringer took us out and there was a surprise birthday party for Musanya. We played a bunch of games and more games. Henry added a top layer made of sugar on the cake. It looked like icing. Soon it was all over as all things end.

Life at Sakeji

It's just the two of us:

Rise and Shine

Waking up at 6:15 to have a quite time with God. Make our beds and get ready for the day by going to see the mirror.

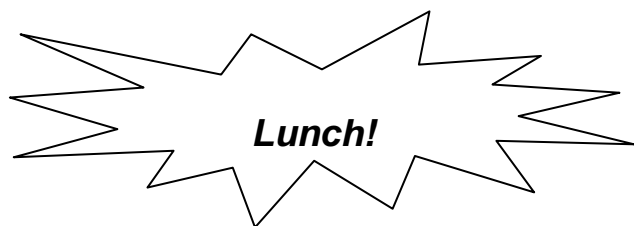

Breakfast 7:00

For break fast we have porridge with the world famous rice cakes with ketchup and marmite after the great rice cake we have toast and a cup of tea

Class

Mr Ronald is our teacher who teaches us most of the subjects (Math, Science, Eng Lit, etc.). We have 7 class periods for six days. After class in the morning, we have a break. Then back to class. One of the most exciting parts of the day is lunch.

Food ,glorious food, wonderful food!!!

Rest Hour

Rest hour is a time that we can relax and do homework and or read.

Mental Math, mental destroyer.

Afternoon Classes

After lunch we have rest hour for 25 minuets. We don't rest that much, but mostly just do homework. The bell rings and we go back to class again. Make sure you don't fall asleep! After afternoon classes we have break then prep.

Crack a joke

What did the snake say to the centipede?
Do you have any legs to spare?

Knock, knock,
Who's there?

What did the sea say to the beach?
Nothing. It just waved.

Tink a bell.
Tink a bell who?
Tink a bell when you need me.

Where do sheep go on vacation?
To the Baa-hamas.

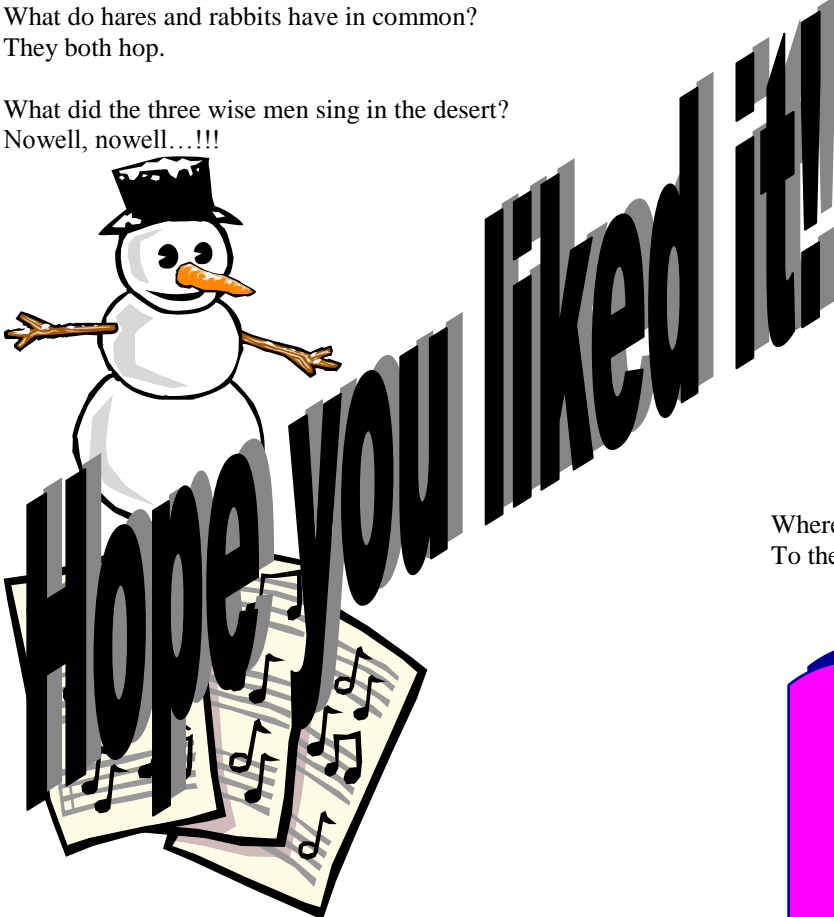

Knock, knock,
Who's there?
Isow,
Isow who?
Isow you.

Dad, can I borrow some money?
No you can't. Do you think money grows on trees?
If it doesn't, then why do banks have branches?
What do you call a cat with eight legs?
An octto-puss.

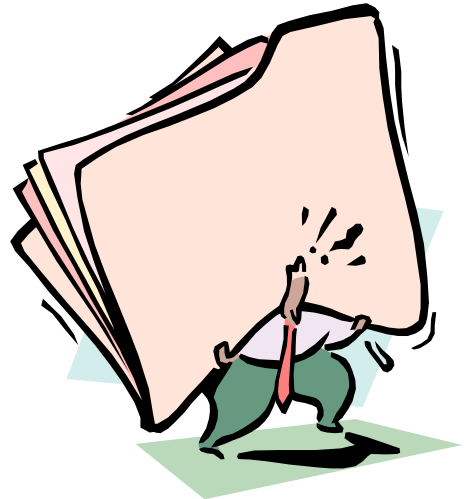

What do hares and rabbits have in common?
They both hop.

What did the three wise men sing in the desert?
Nowell, nowell...!!!

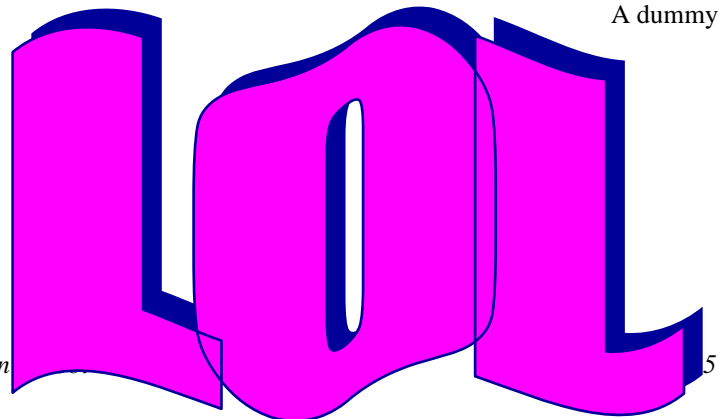

Knock, knock,
Who's there?
Bert,
Bert who?
Bert you never new who was there.

Knock, knock,
Who's there?
Tim.
Tim who?
Tim-ber.

Where do wolves go on vacation?
To the howliday Inn.

What do you call a brainless doll?
A dummy.
